### Captivated Health:

Presentation on Zoom from Captivated Health. Mrs. Mlinarich asked Principal Vickaryous her thoughts. Principal Vickaryous stated the organization is good and the plan was phenomenal and suggested the board may want to wait because the current healthcare plan renewal would be available at the beginning of April. Mrs. Vickaryous thinks the board should look at the other insurance information to compare both options before making a decision. Mrs. Lichter stated Captivated Health doesn't seem to be a losing option as it's easy to use, it has incentives, it is less in premiums and co-pays with a better quality of care and she is in favor of moving forward. Motion to approve Captivated Health.
